The Judith Norman Collection Celebrates 30 Years Of Unparalleled Expansion

PHOTOGRAPHY Courtesy of Judith Norman Collection, Dania Beach, FL

Judith Norman, celebrating 30 years in the furnishings industry since 1985, was the first to open its showroom doors in the prestigious Design Center of the Americas, (DCOTA), located in Dania Beach, Fla. After six expansions, the company today boasts 60,000 square feet of combined display space in their three South Florida showrooms. With the addition of their new 30,000-square-foot Judith Norman NOW showroom located in the South Florida Design Park in Hollywood, Fla., the company is recognized as one of the largest independent collections of showrooms in the Southeast.

To meet the needs of their dedicated clientele, the Judith Norman NOW showroom was created to provide interior designers and their clients with furnishings and accessories that could be acquired and delivered straight from the floor. Another showroom, Judith Norman Outdoor Living, fills a growing need for luxurious outdoor furnishings.

Always ahead of the trends, Judith Norman represents some of the world's finest brands, companies and product lines of exquisite furniture, lighting, art and accessories. "We've grown from more than a dozen in the beginning to over 150 today," says Mitchel Fine, Judith Norman Founder, President and CEO. "We have countless design firms who have been loyal customers since day one and we are grateful for their continued support." 954/925-7200; www.judithnorman.com◆

The Costantini Pietro "Royal" dining table, designed by Giorgio Soressei, will lend sparkle to any space with its elegant base of stacked crystal spheres.

LEFT: "Cosmopolitan," a stunning dining ensemble by renowned designer Dakota Jackson, features a table crafted with Madadgascar Rosewood surrounded by sophisticated chairs.

The "Pipo" chair by Roberta Schilling, in a curvy ergonomic design, is shaped with wood and available in a variety of finishes.
