Engineered for comfort and performance, the 297-foot superyacht *Solandge*, travels at a top speed of 17.5-knots and can accommodate up to 16 guests and a crew of 25. Created with exteriors by luxury yacht designer Espen Oeino, it radiates confidence and grace with it sleek lines and harmonious proportions.

What renders Lürssen Yacht's 279-foot luxury superyacht, *Solandge*, superior among its peers is the meticulous attention to detail that is weaved into every striking feature. From its shapely exterior of sleek white lines underlined by a dark blue hull, to its brightly hued interiors that feature a blend of rare stone, exotic wood, Venetian glass and gold-leaf, this vessel is truly spectacular to behold.

Interior designer Aileen Rodriguez created eight lavish guest suites with handcrafted Italian furnishings. In the opulent master stateroom, 14 hand-carved backlit columns flank tall windows with sweeping sea views. Spacious decks accommodate nightly dancing, a sunbed pavilion and a massage room, the ultimate place for daily renewal. www.luerssen-yachts.com M
